Subject line: Nathan

%"\$firstname\$%",

Today, my grandson Nathan turns two.

I could not have predicted it would be this much fun being grandpa Jim (baba) - I truly love my little buddy Nathan.

In fact, he makes it into my new book, *DECIDE - The Ultimate Success Trigger*.

## Acknowledgements

As I mentioned in my last book, one of the greatest joys in the last few years has been helping Jessica start her home-based business, so she can be a stay-at-home mom to Nathan. She is doing phenomenally well.

Last but most certainly not least, I want to thank my grandson, Nathan, for helping me stay young and a kid at heart. Thanks to FaceTime and Skype video, I get to visit with Nathan frequently, and when Nathan visits, I forget everything else and get down and play with him, read

Wouldn't trade it for the world.

And, imagine my joy when I found out a couple weeks ago that Nathan has a little sister on the way!

Kind of puts everything in perspective.

Make today the most awesome day it can be.

You know me.

I'm a pretty straight-laced guy, normally plain-spoken and to-the-point.

But, right now I just have to say.....

....Golly-Gee Willikers!!!

Just 5 hours since we opened the doors for [DECIDE - The Ultimate Success Trigger](#).

Already, your fellow entrepreneurs and Dream Business Builders have claimed so many of the free\* copies, I've had to increase the initial shipping order.

Now, I wasn't planning to e-mail you again until morning.

Because of how fast this is moving, and with these things flying off the shelves so fast my marketing guy can't even run a real-time report for me, I found it wise to take a stand for you and check in.

Listen: one of my own coaches taught me this.... and you can swipe this:

"Yesterday, Someone Else  
Said 'Tomorrow'... And Now  
That's Today!"

Do you want to let another year of slow-to-no-growth creep by?

Are you going to sit by and continue to struggle, trying to find the right place to even begin?

How many more people who recently approached you as "newbies" seeking to pick your brain, are you going to let kick your butt in the marketplace while you stagnate?

=====

"If you think this is another feel-good, touchy-feely, self-growth guide – you're mistaken!

When I first picked up this book I thought it will be a re-hash of what I already know and I'll quickly put it down. I was wrong!

Jim's transparent personal stories, real-life examples, step-by-step advice, and bold calls to action turns "[DECIDE - The Ultimate Success Trigger](#)" into the every entrepreneur's ultimate success guide.

Frankly, I think you'll be making a mistake if you don't buy it and don't read it as quickly as you can!"

"I've had the privilege of knowing Jim Palmer for many years, and he is an extraordinary coach, entrepreneur and friend. I've read his other books, but [DECIDE](#) is my favorite by far. I felt like I was sitting side-by-side with Jim in a coaching session as he candidly shares what it takes to be truly successful.

What I like most about this book is Jim's authenticity, transparency and true love for those he currently coaches and those who will be coached by reading this book.

If there is anyone that can help you build your dream life, Jim Palmer is the right guy to do it!"

Michelle Prince  
America's Productivity Coach

"I have read each of Jim Palmer's books, but DECIDE is in a class all but itself. This is the best down to earth, real and solid business advice book you must read.

Each page contains at least one golden nugget, and Jim's advice is always on target and exactly what I need to hear to achieve better results.

=====

"Jim's book, [DECIDE - The Ultimate Success Trigger](#), is by far one of the best books for both new and well-seasoned entrepreneurs.

There are many reasons to read this book, but the biggest reason is this: it is not simply a book of suggestions, tips and strategies. Jim opens up and shares details of his personal journey and the many struggles he faced, and how he overcame them to grow his Dream Business.

After reading DECIDE, you will feel motivated and inspired into action."

It's called "The Amazing Power Of Video Marketing".

Again, this video comes to you for free because you claimed your copy of *DECIDE - The Ultimate Success Trigger*.

Listen: this is a key concept.

The other day, we spoke about creating celebrity expertise.

One of the major big breakthroughs I experienced as I created my Dream Business, was launching my internet-TV website, *NewsletterGuru TV*.

Aside from publishing books (DECIDE is book #6), nothing I have done in business and marketing has helped me more in terms of positioning myself as a celebrity expert, than the weekly episodes of *NewsletterGuru TV*.

That intro of me "diving" off the plank, alone, has started conversations that have led to clients and customers! :-)
